"LASTING IMPRESSIONS"

As freshmen we entered with trembling hand; Our footprints outlined in some strange-distant land.

Sophomoric pretense guised our need to belong; while unknowingly composing a life's symphony in song.

Junior journals can chronicle our scores; We all wanted to believe in "forever mores."

Senior year . . . our days to rule, Yet gnawing anxiety: Have I been a fool?

The mortar of selfhood has very much been poured; Four years of sculpturing somehow endured.

So, use as your basis for finding your niche; the time-tested values that make learning so rich.

Experiences and memories are the treasures we share; Wisdom and knowledge accompanying the pair.

Our lives together have provided a rough draft; The future will hold largely what we will craft.

Where ever you go What ever you do; Just remember: The Class of '93 is a part of you.

FABULOUS SMILES OF '93

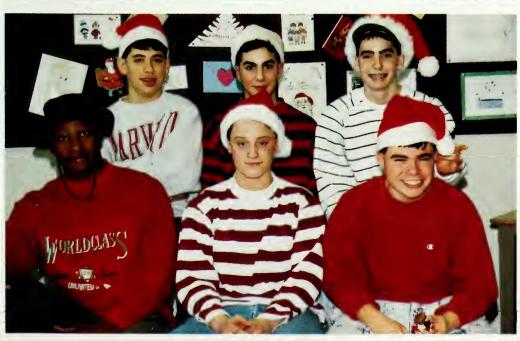

REMEMBER WHEN . . .

We had half days every week . . .

We had to share everything . . .

We had to play fair . . .

We had to wash our hands before we ate . . .

We forgot to flush . . .

We had to take a nap every day . . .

We had to look both ways . . .

We used the buddy system . . .

We had hands and feet in our pajamas . . .

We used to ride in shopping carts . . .

Raking leaves was fun and not work . . .

We still believed in Santa Claus . . .

We thought \$10.00 was a lot of money

We looked eagerly for rainbows . . .

Our high school graduation seemed centuries away . . .

Two Great Years in homeroom 208. Ski Trip at W.V. with Don. Tea Pot, Golden Banana. Student Government, Finn's house. Passes from Finn. Pictures at the Burlington Mall. Going to Kerry's house in the Cape. Thanks for all the help and good advice, Finn. '93 class officers Kevin O'Donnell, Mike Lynch, Matt Moschella, Kerry Villandry

Thanks Ms. Finberg for all you've done, for us and every student. Cow Crew buddies, Holly Red, Big Al, Honka, Radish. This Ends Up, handstands, cows, no more mooing! Value unlimited?! Mr. AHS, Lip Syncs? What's next? Well anyway, Have a Swell DAY!

Students Against Violating the Environment (S.A.V.E.) is a club dedicated to helping the environment. Since its beginning in the Spring of 1990, S.A.V.E. has started recycling within the school, as well as produced a calendar and performed various community services. The club donates nearly all of its profits to local, national, and global groups that work to preserve our earth, including Greenpeace, Cultural Survival, and Masspirg.

Jessye Nieremberg, David Conneely, and Melanie Carr started the Outdoor Adventure Recreation for Students club (O.A.R.S.). The purpose of the club is to provide students with an opportunity to experience the outdoors. Mr. Milne and Mr. Freeman are the advisors. Club members participate in canoeing, skiing, camping, and hiking trips planned by the students. Other interests of our members include sleeping in geodescent tents, contracting hypothermia, hiking in Thinsulated boots, and visiting the L.L. Bean outlet in Freeport, Maine. Our inspiration is Henry David Thoreau's quote: "In the wildness is the preservation of the world."

The Math Team is made up of three seniors, two juniors, three sophmores, and a freshman. The club advisor is Mrs. Kilday. Each month, the team competes against other schools in the Greater Boston Math League (GBML). The winners of each division compete in statewide and New England competitions. Recently, we have placed highly in both of these meets. The Math Team also participates in monthly New England Math League (NEML) competitions, which consist of tests administered at AHS.

The Computer Club is made up of 23 students, freshmen through seniors, who meet once a month to explore the various areas of computer science. The primary focus of the club is on computer programming competitions. The computer club competes in three different types of contests, one of which is a year-long competition run by the American Computer Science League. In past years, the team has gone on trips to Toronto, Washington, D.C., Houston, and Miami to compete in National All-Star Competitions.

"Why our literary magazine is GOOD" by Michael Bowman and Megan Gerrity. We have a literary magazine at AHS. It's really good. It's good because we can write really good, and use really good words to tell stories. Sometimes people don't buy our magazine. That is bad. We feel the goodest when people buy the same magazine 10 times. Please make us feel good

The Fourth Estate is an eight page, student staffed and student composed newspaper published four times during the school year. The newspaper prints articles from any staff member or other student. The newspaper staff employs state of the art computer equipment. Traditional methods of financial support, sales of advertising space, defray the cost of distributing the newspaper, which is free, to staff and students.

The S.A.D.D. Club of Arlington High School was established to improve young people in knowledge and attitudes about alcohol and other drugs in order to help save their lives . . . and the lives of others. It mobilizes students to help one another, through positive peer pressure, to face up to the potential dangers of mixing driving with alcohol or other drugs. The S.A.D.D. Contract helps promote a frank dialogue between teenagers and their parents. During the school year members raise funds to purchase key chains, sponsor assemblies, distribute red ribbons during the holidays, and mail information on alcohol and other drugs to parents.

The Alcohol Awareness Peer Leadership Program is being offered for the fourteenth year at Arlington High School. Juniors and seniors are given the opportunity to learn about alcohol and other drugs, and to develop decision-making and leadership skills. After 14 weeks of training, members co-lead four awareness sessions with all fifth and sixth graders in the elementary schools. The goal of the program is to provide students with necessary information and skill needed to make responsible decisions regarding the use of alcohol and drugs. Hopefully, they will become better prepared to face the pressures and challenges of the future.

There are 27 members in the Media Club. In the fall, the Club sponsored a book sale. The proceeds were given to the Massachusetts Committee for Children and Youth and the Ronald McDonald House. Other activities have included a bake sale on Parent Visitation night, providing refreshments at Community Education, and videotaping special school projects. Field trips included skiing at Mt. Wachusett, a visit to the Omni Theater and Our Annual "end-of-the-year" trip to Canobie Lake Park.

D.E.C.A. is a National Club for Marketing students. D.E.C.A. runs the school store and uses money from sales to pay for transportation and room and board at the state and national competitions.

The Student Advisory Committee to the Arlington School Committee is an elected group of five students who serve as a communication link between the student body and the School Committee. The members of the SAC are elected by the student body at large and meet five times a year with the School Committee to discuss issues affecting student life at AHS. The chairperson of the SAC sits as a non-voting member of the School Committee at their meetings. Members serve for one year terms. Elections are held in the spring and fall (for the freshman member).

The Teen Depression peer education program informs students about depression, and when and where to get help when depression becomes serious.

NATIONAL HONOR SOCIETY

The National Honor Society exists to recognize those students who have distinguished themselves during their high school career. In order to qualify for the society, students must have no lower than a 3.4 academic average and also must be recommended by their teachers for their character as well as for their contributions to the school and to society at large. Honor Society members provide free tutoring to any student who wants it as a service to the community. This year, the Honor Society's president is Tabatha Bruce, the vice-president is Melanie Carr, the secretary is Mike Lynch, and the treasurer is Joe Mauro.

As many people may know, Menotomy Preschool is a place of learning not only for the children but also for the students of A.H.S. Countless numbers of girls, boys, athletes, and bookworms have shown their ability to nurture and teach. Those who have gone through the program find that the love and appreciation from a child is greater than any other feeling they could have received elsewhere. It is amazing to watch students of all backgrounds work together as a team to teach children of all abilities. There is definitely no better teacher in the world than a child.

YEARBOOK

President, Vice President, Recording Secretary, and Treasurer-Michael Bowman. The Albino Club is in its fourth year at Arlington High, and unfortunately membership is not quite what we wish it was. We keep ourselves busy, though, by planning our annual "Albino Egg Toss/Wheel Barrow Race", by contemplating new and innovative ways of getting into the yearbook, and by planning for the Revolution . . .

ARLINGTON HIGH SCHOOL

To the Members of the Class of 1993:

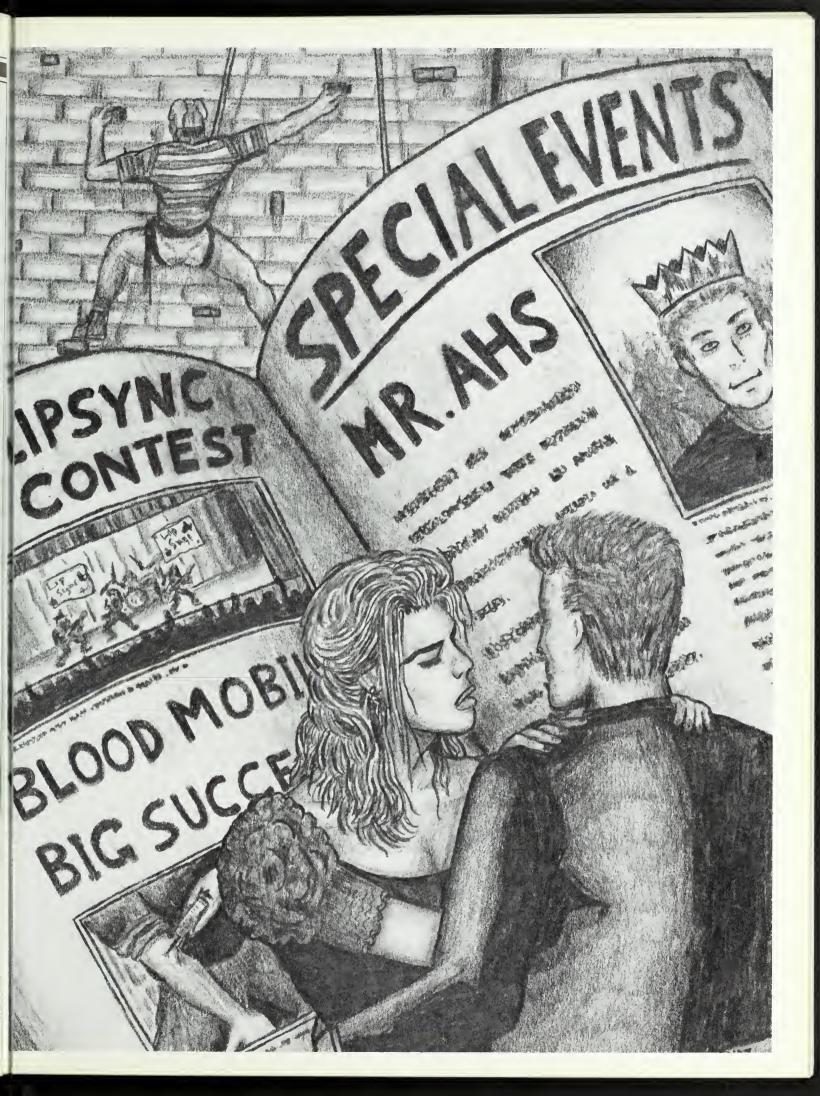

Congratulations! The publication of this yearbook is yet another milestone in the history of the Class of 1993. It hardly seems possible that you have spent four years at AHS. It hardly seems possible that those young freshmen of four years ago are now the worldly-wise, or at least school-wise, seniors leaving high school to begin their experiences in that outside world. I remember meeting you during what was also my own first official school day at Arlington High School in September of 1989 and wondering how we would do together. For my part, I can say that we did well together. We have spent time in assemblies, on playing fields, in rinks, and in auditoriums. We have spent times in meetings, large group, small group; and individual. In all of my contacts, I have enjoyed my time with you, even on those rare occasions when we might have been on opposite sides of an I look forward to hearing of your future endeavors, and more importantly your future accomplishments. This class has much to offer to the Town and the community at large. I am confident that you will continue to develop your talents in that regard.

Best of luck to you. Thank you for your four good years at AHS.

Charles J. McCarthy, Jr.

The Ponders

They enter the Hawks nest ready for battle. With their helmets strapped and shoulder pads tightened they have arrived. With #54 in their hearts, they have come for one reason only-not to brag, not to show off, not just to be there, they have come to HIT. They have waited for this day forever and it has come. They have worked, suffered, and died, but now they are ready. When the final gun sounds and the game has ended they will walk off the field, win or lose, with their heads held high and they will be proud. Proud because they will always know that they are the Arlington Spy Ponders.

As You Reach for Your Dreams.

May you find serenity and tranquility in a world you may not always understand. May the pain you have known and the conflict you have experienced give you the strength to walk through life facing each new situation with courage and optimism. Always know that there are those whose love and understanding will always be there, even when you feel most alone. Thay you discover enough goodness in others to believe in a world of peace. May a kind word, a reassuring touch, and a warm smile be yours every day of your life, and may you give these gifts as well as receive them. Remember the sunshine when the storm seems unending. Teach love to well as receive them. Remember the sunshine when the storm seems unrening. Teach love to those who know hate, and let that love embrace you as you go into the world. May the teachings of those you admire become part of you, so that you may call upon them. Remember, those whose lives you have touched and who have touched yours are always a part of you, even if the encounters were less than you would have wished 'It is the content of the encounter that is more important than its form. Play you not become too concerned with material matters, but instead place impressurable value on the too concerned with material matters, but instead place immeasurable value on the goodness in your heart. Find time in each day to see beauty and love in the world around you. Realize that each person has limitless abilities, but each of us is different in our own. abilities, but each of us is different in our own way. What you may feel you lack in one regard may be more than compensated for in another. What you feel you lack in the present may become one of your strengths in the future. May you see your future as one filled with promise and possibility. Jearn to view exerything as a worth-while experience. May you find enough inner strength to determine your own worth by yourself, and not be dependent on another's judgment of your accomplishments. May you always feel loved.

Doug,

Congratulations on all your accomplishments.

Love,

When I think of you, the class of '93, I think of . . . the laughter in room 208, the tears remembering some sad moments, the excitement of Mr. A.H.S. which began your freshman year, the cheers of the fans at the sports events, the talent of the class, the fears of the future, the intelligence of the students, the gears of the cars screeching out of the parking lot, all of these things add up to the awesome class of 1993. Love, Pauline Finberg

Congrats to the class of '93. I am proud of you, the quality of your work and your personality and character. It wasn't always easy for student or teacher, but we made it. May you continue to succeed and to enjoy life. Mrs. Tremblay

FOREVER YESTERDAYS

Together for so long, this is all we knew
The times we shared are unforgettable
Now the time has come to move on.
Each of us will go our separate ways
Living apart for the rest of our days.
Sure, the time has come to leave,
But it is OK to look back and remember
With fondness in our hearts.
We can still relive the fun, anger,
Anguish, laughter, sadness, and
embarrassment.
Hey, who could forget?
Who would want to?
